INSTALLATION INSTRUCTIONS 13263 WRANGLER

- 1. Carefully read and understand instructions before start installation. If You can not find all the listed parts, please stop installation and call to your distributor to get the missing pieces.
- 2. Remove the plastic cover over the radiator, taking off the plastic ribbets using a flat screw driver to pull out. (Img. 2)
- 3. In order to install correctly the lower bracket, it is necessary to cut off the fascia in both sides. (Img. 3)

Note. On the driver side it will be necessary to change the orientation of the existing bolt, threaded must faces outboard, see Image 4.

- 4. Align your accessory and reinstall the plastic cover of the radiator.
- 5 Fill out your warranty card and place it inside your vehicle.

or wax that contains an abrasive is detrimental to the finish, as the compounds scratch the finish and cause.
